

2025 Vol. 1

Hello mates.

I hope all are doing well as we move into the fall season. As I write this, I know that there are at least two of our mates who are facing medical issues. John Buck has been diagnosed with a very serious condition, and he has moved back to Randolph. Debbie Everts has had a long bout of sickness and just recently finally got a correct diagnosis for her condition and now has a more positive path forward to recovery.

We have developed a website for our class. The site is still a work in progress as more information and photos are added. The website is <HTTPS://rcsclassof1968.com>. The photograph section is password protected because we thought that with today's AI bots scouring the web, you may not want photos with you in them in the public domain; the password for the section is "Wishart".

My plan is to make these newsletters more about news or thoughts that we might want to share. Things, like grandchildren, trips, hobbies, etc.

I am hoping that many of you will contribute to the newsletters with tidbits of information that you would like to share with your classmates. Send any information you would like to share to me.

From Craig and Deb Patterson:

We celebrated our 50th wedding anniversary this year by going on a river cruise with our best friends Jim and Donna Stillman. We did a one-week cruise on the Danube

from Budapest, Hungary to Regensburg, Germany on Viking Cruise Lines. We had a wonderful time.

Inside of the Parliament building in Budapest.

We are currently thinking about a river cruise either on the Mississippi or the Snake River in the Northwest. But we only have 4 MLB stadiums that we have not visited, so we are also contemplating how we could maybe make it to one of them to watch a baseball game.

Take care and stay safe,
Craig
